ABOUT US

R8 Solution focuses on improving services, ensuring quality and timeliness, while adjusting to clients' needs. They offer comprehensive IT, telecommunication, surveillance, and security services to aid business operations and achieve market success.

R8 Solution's consists of a team of highly qualified and experienced young people. We spend our time together not only at work, during meetings and bonding events but also after work and on weekends at private meetings in order to also be there to aid our Clients' needs and emergencies.

We are able to translate this special, friendly atmosphere, in contrast to the anonymity of big corporations, into our work which will always be the best to the tiniest of details.

OUR SERVICES

IT SUPPORT
Highlights technical expertise in managing hardware, software, networks, and cybersecurity to ensure operational efficiency.

NETWORKING
Typically highlights expertise in designing, implementing, securing, and maintaining computer networks, including hardware installation, software configuration, cabling, and cloud connectivity.

WEB DEVELOPMENT
We are qualified professionals in creating websites that are engaging, attractive and tailored to every one of our Clients. We provide website designs for a wide range of budget depending on our Clients' needs.

TRAINING & CONSULTANCY
Training has become one of our ways to help others in the same industry as us. We have conducted trainings such as Introduction to Internet of Things (IoT) to encourage others to learn more on this field of IT.

DIGITAL MARKETING
In this era of all digital, we have adopted and provide digital marketing services for companies who are looking to have a firm online presence beyond just a website.

SURVEILLANCE & SECURITY
Surveillance & Security is a vital part of running a business to always keep us and our businesses safe from all threats. We are fully experienced in Surveillance and Security system installation.
